The Chief

Volume XXXIII

Advisor — Mr. Francis Kelly  
Co-editors — Brian Gregory  
Lynne Miranowicz

Do you know where you're going to?  
Do you like the things that life is showing you?  
Where are you going to, do you know?  
Do you get what you're hoping for?  
When you look behind you there's no open door  
What are you hoping for, do you know?

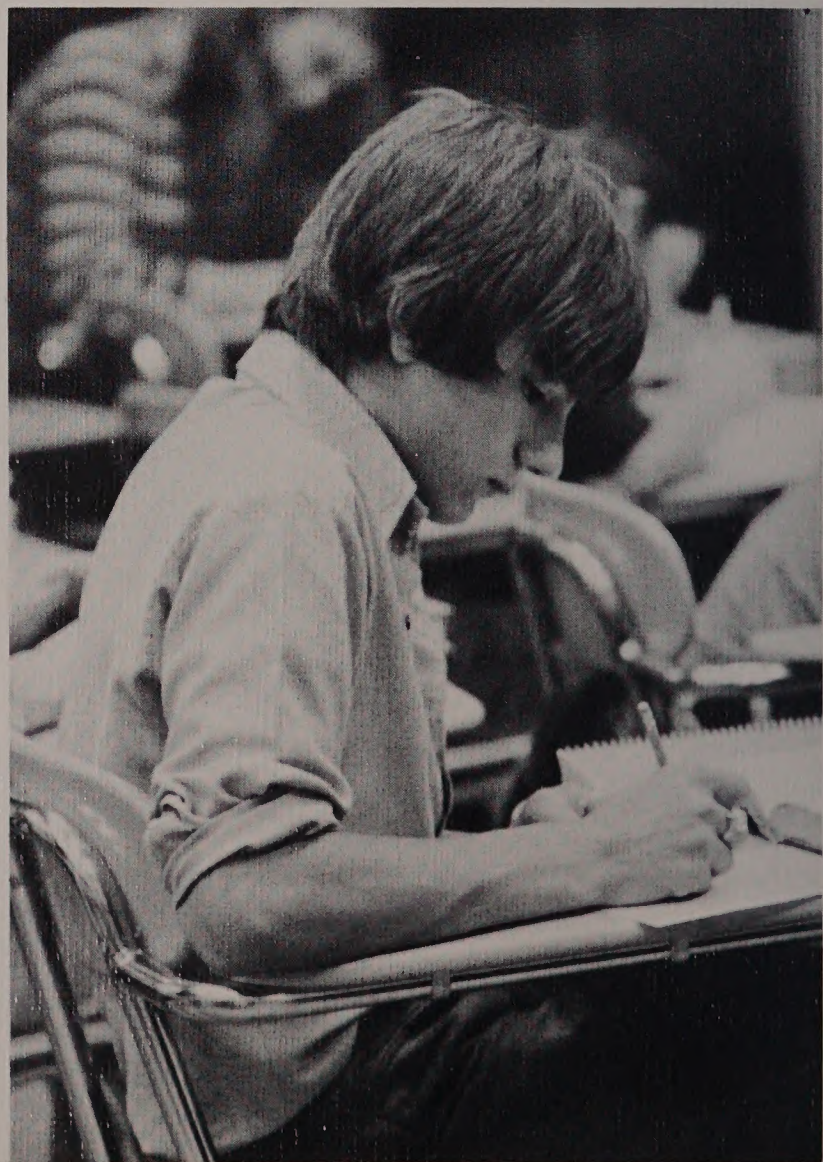

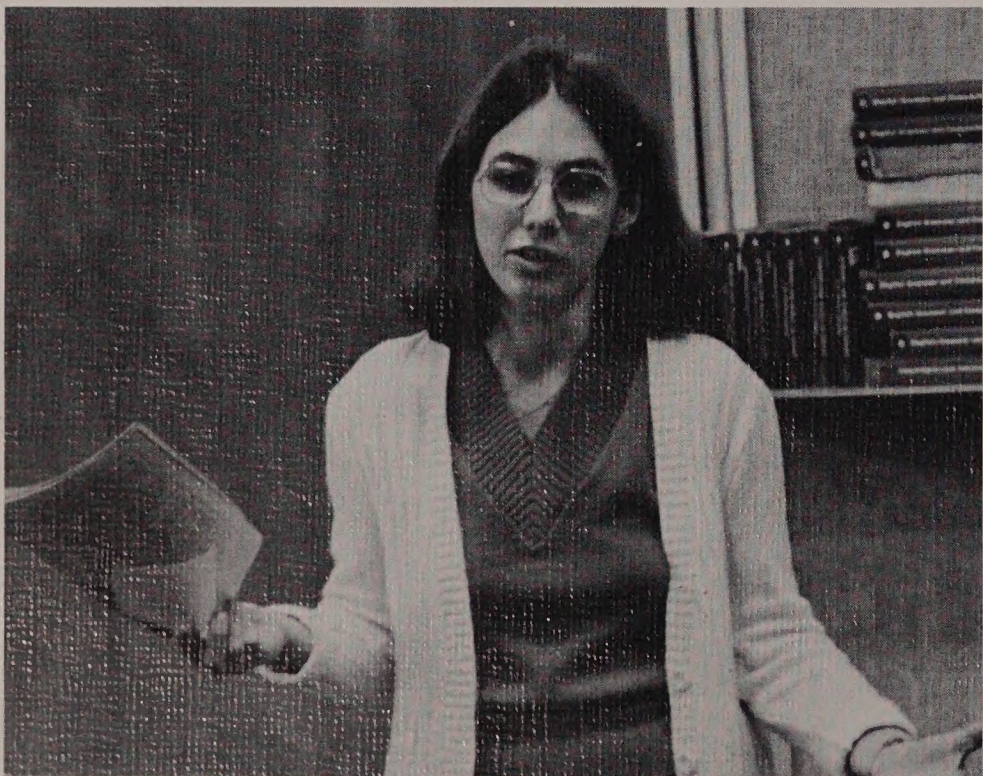

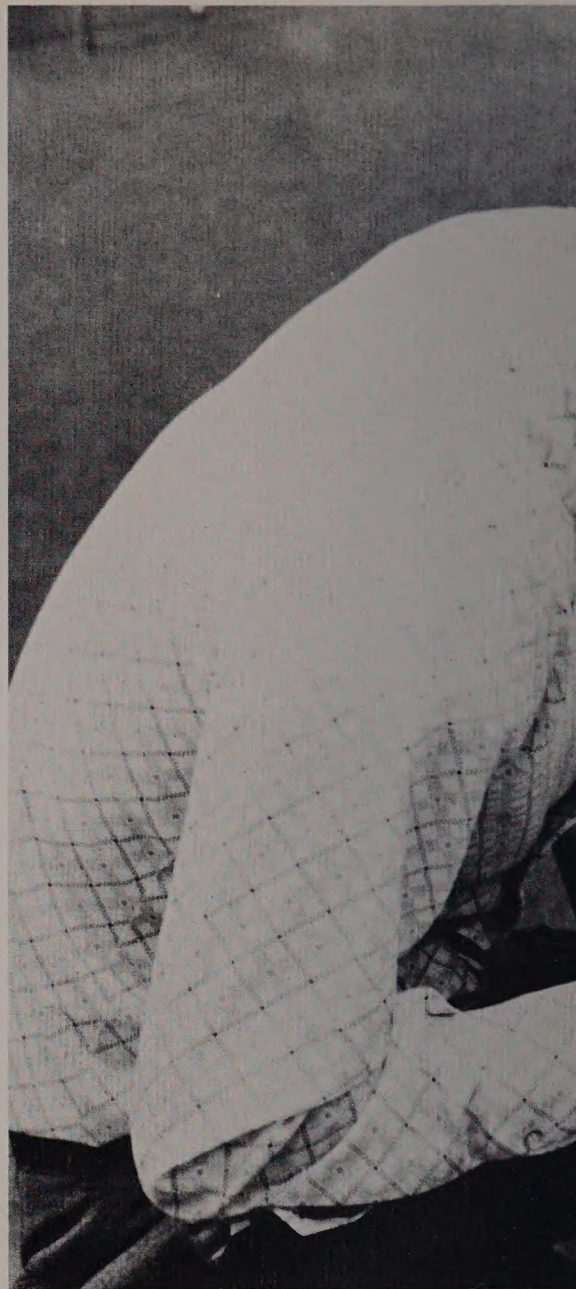

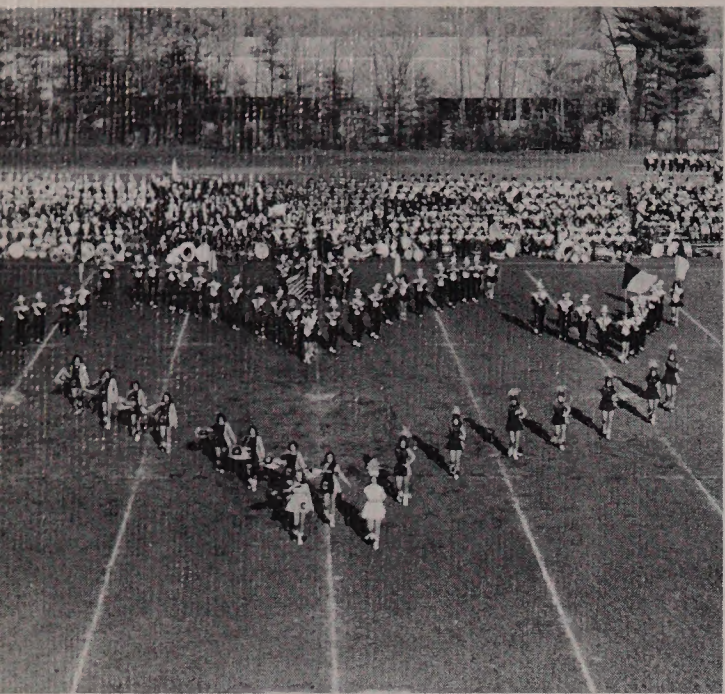

Once we were standing still in time  
Chasing the fantasies that filled our minds  
And you knew how I loved you but my spirit was free  
Laughing at the questions that you once asked me

Do you know where you're going to?  
Do like the things that life is showing you?  
Where are you going to, do you know?

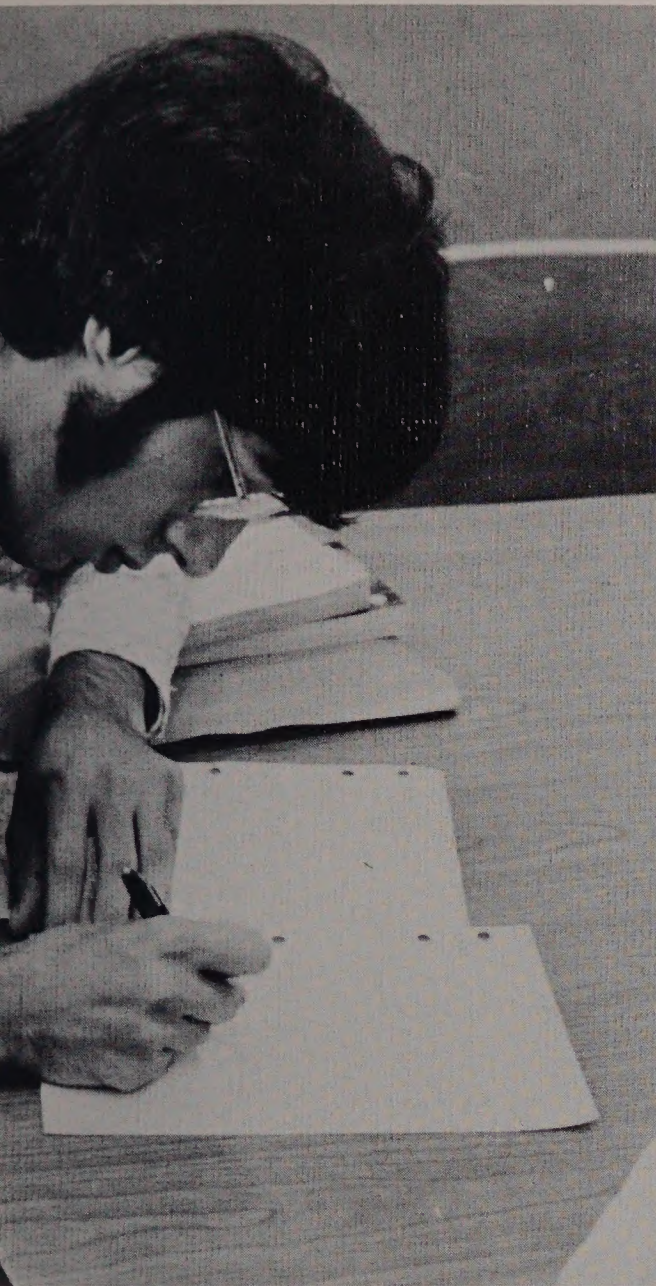

Now looking back at all we planned  
We let so many dreams just slip through our hands  
Why must we wait so long before we see  
How sad the answers to those questions can be?

Do you know where you're going to?  
Do you like the things that life is showing you?  
Where are you going to, do you know?  
Do you get what you're hoping for?  
When you look behind you there's no open door  
What are you hoping for, do you know?

## Dedication

To Our Good Buddy,

The students of the graduating class of 1976 dedicate this edition of "The Chief" to Mr. Kenneth Adams in appreciation of the friendship and knowledge he has bestowed on us.

It is difficult for a teacher to realize that he can gain respect and maintain discipline, and still be a friend to his students. This has always been his goal, and he has indeed succeeded. Our Good Buddy is known throughout the school for his twinkling smile, laughing eyes, and warm, humble wit.

As we grow into adulthood, let us strive for those intangible qualities and practices Our Good Buddy has employed in his life, and may we reach an understanding of ourselves and the world around us with the faith and beauty that Mr. Adams constantly serves as an example of.

To our everloved Albagoose Adams, Thank You.

## To The Graduating Class Of 1976

I hope that your years here have been fruitful and that you have taken advantage of all the offerings available.

We, as in life outside of school, can only provide the opportunities but you must be responsible for taking advantage of them to the best of your ability.

I wish you all success and happiness in your future endeavors. "Your education begins when what is called your education ends." — Justice Oliver Wendell Holmes

Charles R. Loverin

During the past decade there has been a constant controversy in regard to the amount of emphasis that should be placed on student rights in relation to student responsibility in our schools. As the pendulum has swung disproportionately toward rights over responsibility, the concern about discipline in schools has become more and more pronounced.

Discipline, both external and internal, is generally accepted as being the nucleus of achievement and the decade or so of permissiveness has taken its toll in this regard.

As you go on toward new horizons and are able to take a more objective look at your years of elementary and secondary schooling it is my hope that you will do all in your power to effect a change back toward the middle of the road approach to student rights and responsibilities and the idea of "doing what is right even when it is inconvenient."

Best Wishes in all future endeavors.

*A thing of beauty is a joy forever;  
Its loveliness increases; it can never  
Pass into nothingness.*

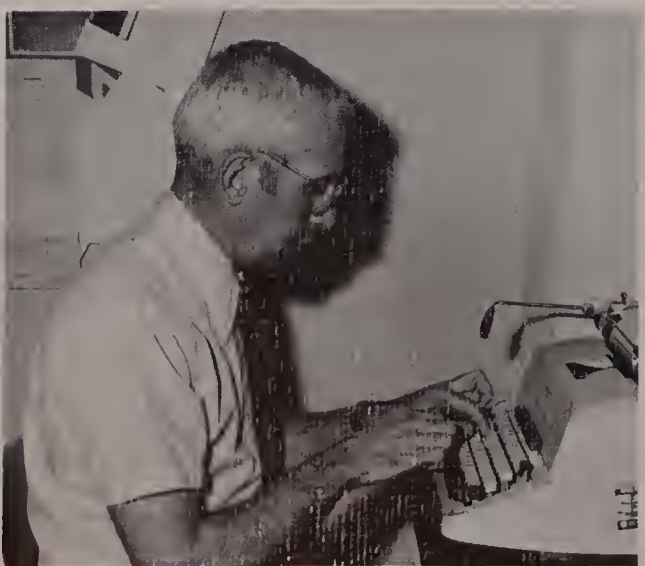

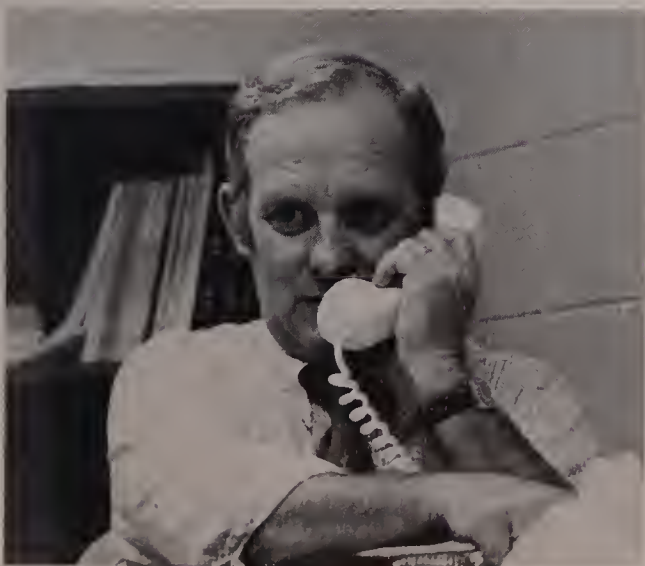

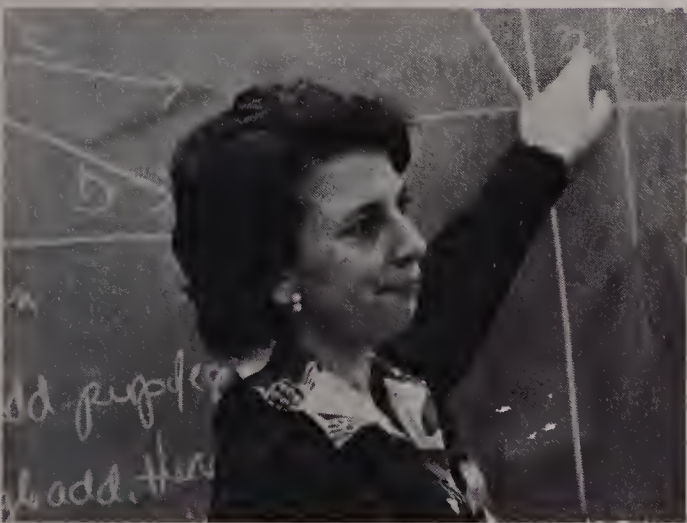

Sharon Ann Kimball  
(Oct. 18, 1958 – June 28, 1975)

Remember  
Remember me when I am gone away  
Gone far into the silent land;  
When you can no more hold me by the hand,  
Nor I half turn to go yet turning stay.  
Remember me when no more, day by day,  
You tell me the future you have planned;  
Only remember me; you understand  
It will be late to counsel then or pray.  
Yet if you should forget me for awhile  
And afterwards remember; do not grieve;  
For if the darkness and corruption leave  
A vestige of the thoughts that once I had,  
Better by far you should forget and smile  
Than that you should remember and be sad.

## In Appreciation

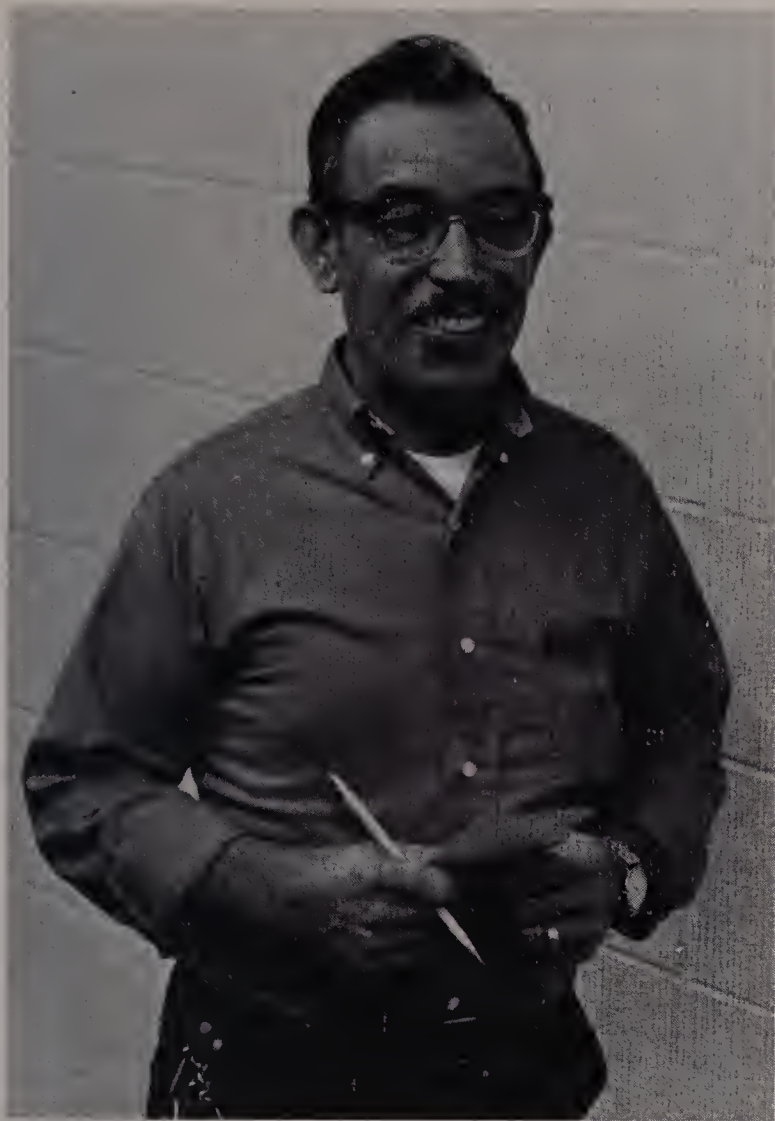

To Mr. and Mrs. Joseph  
Papendrea, we would like  
to express our sincere  
appreciation for their many  
years of dedicated service  
to the students of Joseph  
Case High. "Teaching", for  
these two people is not  
merely a job, but a way of  
life; Mr. and Mrs.  
Papendrea put their whole  
heart and soul into their  
work.

In the years ahead, may  
they continue to share their  
knowledge with others, and  
may good health and  
prosperity be theirs in  
abundance.

# Case High Marching Band

The graduating class of 1976 would like to thank Mr. Michael Moniz for producing a most impressive marching band this year. A good marching band generates and enhances much of the spirit during the football season. We are sure that as long as Mr. Moniz continues his position as band director, Case High will always have a marching band to be proud of.

# Somerset Junior Miss Program

Three Senior girls from Joseph Case High School competed in the annual Somerset Junior Miss Program for 1976. The school was well represented by Shawn Hancock, Laura McKenna, and Karen Santos.

Shawn Hancock was to perform ballet, but due to an injury, sang "Come to the Cabaret" and "Somewhere Over the Rainbow". Laura McKenna sang and performed a dramatic interpretation of the song "By My Side" from the play Godspell. On piano was Karen Santos who played "Color My World".

Congratulations is due to all three, especially Laura McKenna and Shawn Hancock for placing first and second runners-up respectively.

Kathy Collins — Third Runner-up, Lisa Vincent — Somerset Junior Miss 1976, Shawn Hancock — Second Runner-up, Laura McKenna — First Runner-up.

# Science Fair

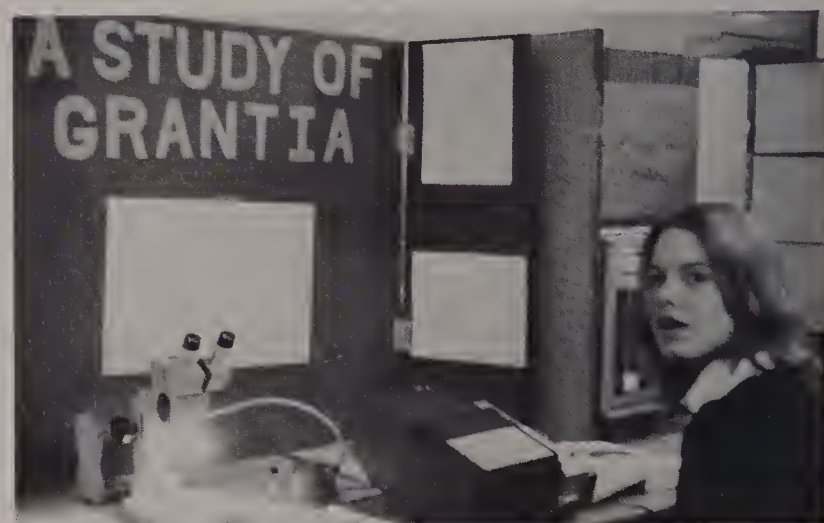

The first science fair in nearly a decade was held February 6, 1976, at the Joseph Case High School. Approximately 120 students projects from various fields of science, such as meteorology, biology, chemistry, physics, and electronics were displayed for parents, friends, and fellow students.

Capturing top honors with his project entitled "Gas Chromatography" was David Reiser. A Case High Junior, David constructed a gas chromatograph which helps analyze and identify volatile substances.

Second prize winner was Case High Sophomore Priscilla Hayden who investigated the possible use of the male hormone testosterone propionate to induce a male coloring pattern in female goldfish.

Laurie Stiles won third prize with her project entitled "A Study of Grantia". Although a very common sponge, Grantia has only recently become a topic of interest to marine biologists.

Cool dude . . .

I know I did it before

Hey, what's the answer to number 7?

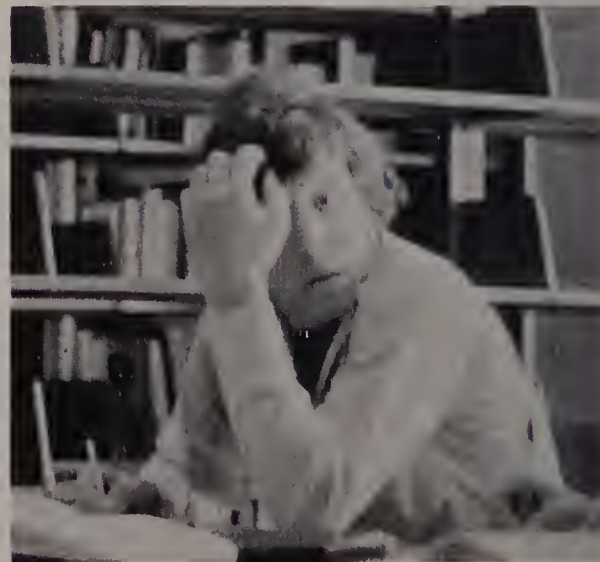

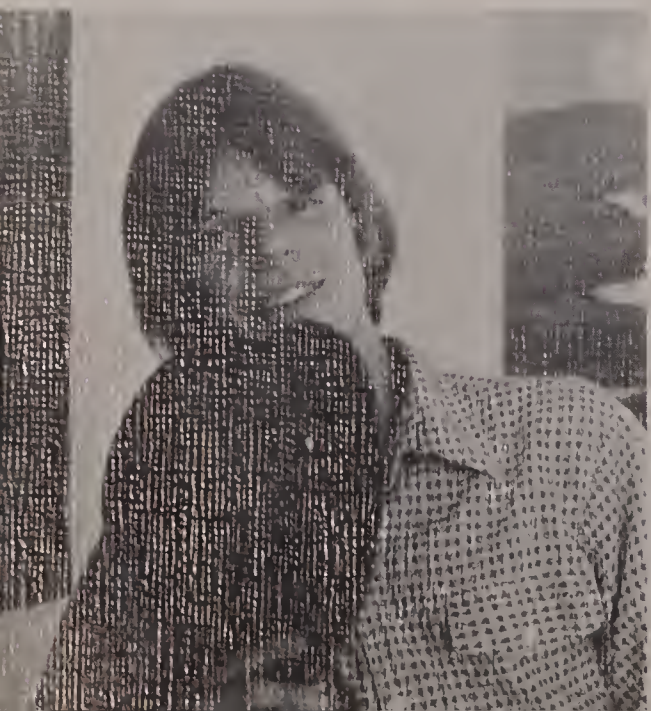

Come, — and talk of all the things we did today.  
Hear, and laugh about our funny little ways,  
While we have a few minutes to breathe.  
And I know that it's time you must leave.

## Yearbook

High school is the whirl of fall leaves swirling across a road at twilight. It's a gold-plated megaphone dangling from a dainty chain. It's buying all the latest fashions, then baby-sitting. It's meeting friends, watching the winning touchdown and experiencing

the thrill and sweat of a locker room after the struggle. High school is cramming for an exam that you'd rather forget. It's a shiny bronze ring that catches the light and a charm bracelet with scattered memories. High school is growing up, and growing up is wishing you were young again.
